

Embassy of Japan

YEREVAN

№ AA-25-19

The Embassy of Japan in Armenia presents its compliments to the Ministry of Foreign Affairs of the Republic of Armenia and has the honor to inform the latter that the Ministry of Economy, Trade and Industry (METI) of Japan, and the New Energy and Industrial Technology Development Organization (NEDO) of Japan plan to organize the “World Robot Summit (WRS) 2020 AICHI/FUKUSHIMA” at the Aichi international Exhibition Center in October 2020 and at the Fukushima Robot Test Field in August 2020.

By simultaneously convening the World Robot Challenge (a competition of robots and robotics) and the World Robot Expo (an exhibition of the latest robots and robotics), the WRS will bring together the world’s innovators and advanced robots/robotics technologies in order to accelerate both research and development as well as social implementation of robots in society.

In this regard, the Embassy requests the Ministry to disseminate the information on this summit to the relevant organizations and encourage their participation.

The Embassy avails itself of this opportunity to renew to the Ministry the assurances of its highest consideration.

World Robot Summit

2020

The goal of the World Robot Summit (WRS) is to work toward creating a society where humans and robots live and work side by side in harmony.

The WRS features two international events;
the World Robot Challenge (a competition of robots & robotics) and
the World Robot Expo (an exhibition of the latest robots & robotics).

By simultaneously convening these two events, the WRS will bring together the world's innovators and advanced robots/robotics technology in order to accelerate both research and development as well as social implementation of robots in our society.

2020 AICHI / FUKUSHIMA, JAPAN

Aichi International Exhibition Center, October 2020

Fukushima Robot Test Field, August 2020

(for some of the Disaster Robotics Category Challenges).
